

The 110th Congress
U.S. House of Representatives
Washington, DC 20515

April 3, 2009

Chairman David Obey
House Appropriations Committee
H-218, the Capitol
Washington, DC 20515

Ranking Member Jerry Lewis
House Appropriations Committee
1016 Longworth House Office Building
Washington, DC 20515

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$15,800,000.00 for Robotics Technology Park, Phases II and III in fiscal year 2010. The entity to receive funding for this project is Calhoun Community College, located at 6250 US Highway 31 North, Tanner, AL 35671. The funding would be used to construct Phases II & III of Robotics Technology Park to provide training and education to meet workforce demands. The Park provides research, development, and testing facilities enabling critical missions to be performed in an unmanned environment. Taxpayer Justification: Phases II & III will provide training and education to meet regional, national and international workforce demands via research, development, testing, prototyping, and technology integration to enable highly critical and complex unmanned missions.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
